Claim 42 objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Claim 42 is dependent on a canceled claim.

Claims 7-12 and 25-28 rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The specification as originally filed does not describe a precursor boat inside a variable volume chamber, wherein the variable volume chamber comprises a piston and also comprises a bellow.

Claims 1-6, 14, 15, 23, 24, 30-41 and 43 are considered to be allowable because the prior art of record does not disclose or make obvious a precursor boat inside a variable volume chamber wherein the variable volume chamber comprises a piston as illustrated in applicant's Fig. 3.
